[CMC Worship] by Jillian Ee

Intro

Verse 1

See the walls around me are crumbling down
You are greater
And in valleys deep still i'll have no fear
You are stronger

Pre-chorus

Only You Lord can lead me through the fire
Only You Lord sustain me through the trial

Chorus

And this one thing I know
You have overcome the world
And the victory is Yours
It is finished
You have won
You're God over all

Verse 2

When anxiety was great in me
You brought comfort
And my weapon is resounding praise
Singing of your goodness

Pre-chorus

Only You Lord can satisfy my heart
Only You Lord, You are my one desire

Bridge

I will rise when the walls are over me
'Cause i have confidence in the God who saves
me

Chorus 2

To Your truth I will hold
That You have overcome the world
I have victory because
The war is over; You have won
You're God over all
