

So I Sing Out [Lyrics]

[CMC Worship] by Jillian Ee

Verse 1

In the depths of despair
God I know that you're there with me
My heart will still hope
'Cause you're still holding onto me

Verse 2

When the waves start to roar
And i'm far from the shore, You won't leave me
My heart will still hope
'Cause you're still holding onto me

Chorus

Though there's water in my lungs
There is praise in my heart
My soul will sing hallelujah

Verse 3

When i'm in smithereens,
Broken, pieces of me fall apart
God you're still in control
When I don't even know where to start

Bridge

So I sing out
To The One who
Deserves all praise
God I love You
For all my days
For I know that You are good

Hallelujah
Hallelujah
My soul will sing hallelujah

Chorus 2

And there's hope in the night
I'll hold on to your light
My soul will sing hallelujah
